

# The Brain Behind Smarter Heating

## MIDEA H-PACK

**Quick Set Up  
Wizard**

**Hybrid  
System**

**Smart  
Controls**

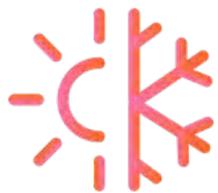

# Variety of Setup Possibilities

Supports flexible heating system configurations for comfort throughout.

**DHW 3WV**  
**DHW Tank E-heater**  
**DHW Tank Sensor**  
**Buffer Tank Sensor**

**Heat/Cool**

**E-Heater**  
**Fossil Boiler**

**2<sup>nd</sup> Mixed Heating**  
**Zone Control**

**Performance and Efficiency Calculation**

# Compatible with Most Conventional Systems

Engineered for compatibility with most existing gas boilers in the market. H-Pack delivers significant energy savings and carbon emission reduction for heating systems.

**ON/OFF**

**0-10V**

**OpenTherm**

# Smart Connection Interfaces

Seamless integration with smart grids, photovoltaic and smart home systems.

**SG | PV | EVU | Modbus**

**Zone Controllers  
Room Thermostats**
